## NARRATIVE

On 08/14/2014 at about 1635 hours (all times approximate) I was dispatched by police radio to a hit and run collision (property damage) that occurred at the address of 2104 Cedar Road in the city of Lake Stevens. The vehicle failing to stop at the location was described as an older beige in color pickup with light bars on top and was last seen heading towards Lundeen Parkway. Sgt. Miner watched Lundeen Parkway while I went to the residence.

I contacted property owner Edwards who told me she had heard a loud noise outside so she came out to investigate. Edwards said she noticed the damage to her fence and that there were several vehicles parked down the street. Edwards spoke to one of the stopped driver's who provided her with a description of the vehicle failing to stop and also claimed the vehicle had almost hit her while she was turning around in Edwards' driveway.

I obtained Edwards' written statement and took digital images of the scene and damage.

Based on evidence at the scene I observed vehicle tire tracks on the southbound shoulder of Cedar Road, leaving the roadway at the driveway to 2114 and proceeding towards the wood fence.

Evidence was left behind that indicated the vehicle had left the roadway and struck the wooden fence (glancing), on the property of 2114 (which is not currently owned/occupied), along with yard foliage and a wooden post. A vehicle taillight assembly was found on the shoulder/grass indicating the vehicle to possibly be a Ford pickup. The vehicle continued southbound, still off the roadway, crossing Edwards' driveway and striking her metal black in color chain link style fence (causing damage). The vehicle then returned onto the roadway and continued southbound on Cedar Road towards Lakeview Drive; failing to stop and provide information at the scene of the collision.

At about 1705 hours I cleared the scene.

I printed the digitail images I had taken at the scene and the digital images of the scene/damage I had taken were saved onto a CD-R and logged/booked as evidence. I also logged the Ford taillight lens as evidence, along with a small gray in color plastic tube which may have come off the suspect vehicle which was found on scene.

At this time there is no further information to identify the suspect/suspect vehicle in this case.
